WHAT IS MATERIAL HANDLING? Material handling is the process of receiving your materials, either at the warehouse in advance of the show or at show site during move-in; delivering them to your booth; removing empty containers for storage during the show; returning the empty containers to your booth after the show; delivering your materials back to the dock; and loading for outbound shipping. Charges are determined by weight and ease of handling.

EMPTY REMOVAL INSTRUCTIONS

All exhibitors must have all crates tagged for empty storage by 1 hour prior to end of exhibitor move-in. NOTE: Exhibitors will be subject to a surcharge of up to 20% of the total freight invoice if crates are not tagged for removal by set deadline.

Any shipment not handled by Heritage, but for which Heritage is required to handle storage of the empty shipping containers, a charge of \$50.00 per crate, case, box, or carton will be assessed.

CERTIFIED WEIGHT TICKETS

In the event that no weight tickets or inaccurate weight tickets are indicated on the delivery documents presented, Heritage shall estimate the weight or re-weigh, and charges shall be based upon the estimates. The estimated weight shall be final and binding if actual scale weight figures are not submitted prior to the close of the show. All shipments received at the warehouse and show site are subject to re-weigh.

INSURANCE

It is understood that Heritage is not an insurer. Insurance, if any, should be obtained by the exhibitor. It is suggested that exhibitors arrange All Risk coverage. This can be done by endorsements to existing policies. Exhibitor's materials should be insured from the time they leave their firm until they are returned after the close of the show.

INBOUND SHIPMENT(S)

Consistent with trade show practices, there may be a lapse of time between the delivery of shipment(s) to the booth and the arrival of the exhibitor or his/her representative. During this time, the materials will be left unattended. Heritage will not be responsible or liable for any loss, damage, theft, or disappearance of exhibitor's material after it has been delivered to the exhibitor's booth.

OUTBOUND SHIPMENT(S)

Heritage will not be responsible or liable for any loss, damage, theft, or disappearance of exhibitor's material between the time it is packed and when it is picked up and loaded. If found liable for any loss, Heritage's sole and exclusive MAXIMUM liability for loss or damage to EXHIBITOR'S materials and EXHIBITOR'S sole and exclusive remedy is limited to \$.30 (USD) per pound per article with a maximum liability of \$50.00 (USD) per item, or \$1,000 (USD per shipment), whichever is less.

LIABILITY

- Shipments delivered or consigned direct to the dock or warehouse address are subject to the following: Heritage shall not be liable for loss, damage or delay due to fire, acts of God, strikes or causes beyond its control.
 Furthermore, Heritage maximum liability is limited to \$0.30 per pound per article, with a maximum of \$50.00 per item or \$1,000.00 per shipment, while these goods and materials are in the warehouse or in vehicles during delivery to or from the convention facility.
- Heritage shall not be responsible for damage to uncrated materials, improperly packed materials or concealed damage.
- Heritage shall not be responsible for loss, theft, or disappearance of materials after same has been delivered to the exhibitor's booth.
- Collect shipments will not be accepted. Send freight prepaid.
- Direct carrier shipments must have certified weight tickets. If correct weights are NOT provided, receiver's estimates will prevail. Mixed shipments arriving on van lines must have certified weight tickets separating weights of crated items from loose and uncrated items. Weights not broken out will be charged at "loose and uncrated" rates.
- NO LIABILITY IS ASSUMED for shipments without receipts, freight bills, or specific counts such as UPS or van lines.
- Empty container labels will be available at Heritage Service Desk. Affixing the labels is the sole responsibility of the exhibitor or his representatives. All previous labels should be removed or obliterated. Heritage assumes no responsibility for:
 - Error to above procedures.
 - Removal of containers with old empty labels and Heritage labels.
 - Improper information on empty labels.
 - Material stored in containers with empty labels.
 - To expedite removal of materials, Heritage shall have authority to change designated carriers.
- Heritage has Right of Preference into and out of show-site building to prevent tie-ups and provide an orderly operation for the show.
- Exhibitors have the responsibility of arranging for outgoing shipments.
- Make sure materials are properly crated and labeled before turning in Bills-of-Lading to freight desk. This prevents shipping out empty crates.
- Acceptance of Bills-of-Lading by Heritage freight desk does not represent acceptance of counts on the bill. All
 outgoing freight will be counted by designated carrier at the booth, notifying Heritage of any adjustments. Heritage
 is not responsible for security of exhibitor freight that is left unattended in the booth while waiting for the
 designated carrier.
- Heritage shall not be liable to any extent whatsoever for any actual, potential, or assumed loss of profits or revenues, or for any collateral costs, which may result from any loss or damage to an exhibitor's materials which may make it impossible or impractical to exhibit same.
- Claims for loss or damage must be submitted to Heritage prior to the close of the Show. No suit or action shall be brought against Heritage more than one (1) year after the accrual of the cause of action.
- Any claims regarding material handling services will be adjudicated on its own merits and shall not impact payment for any other services due.

ALL CHARGES ARE THE RESPONSIBILITY OF THE EXHIBITING COMPANY FROM WHOM MATERIALS HAVE BEEN RECEIVED AND HANDLED.

HERITAGE RESERVES THE RIGHT TO SHIP MATERIALS WITH OFFICIAL SHOW CARRIER IF EXHIBITOR CARRIER DOES NOT CHECK IN BY THE APPOINTED DATE AND TIME.

- **Crated:** Material that is skidded or is in any type of shipping container that can be unloaded at the dock with **no special handling required**.
- Special Handling: Applies to shipments that are loaded by cubic space and/or packed in such a manner as to
 require additional labor/handling, such as ground unloading, constricted space unloading, designated piece
 unloading, or stacked shipments. Also included are mixed shipments and shipments without individual bills of lading.
 Shipments loaded in this manner require additional time, labor, or equipment, to unload, sort and deliver. Federal
 Express (FedEx), UPS, USPS and DHL are included in this category due to their delivery procedures.
- What about carpet/pad only shipments? Shipments that consist of carpet and/or carpet padding only require additional handling because of additional labor and equipment to unload.
- What is a Small Package? (30lbs. maximum per package) Letters or small packages received at show-site during show hours only.
- What is a Cartage Company? Freight forwarders, as well as, other carriers, will often outsource the delivery of their freight to third party cartage companies. Cartage companies provide local pick-up and delivery services to and from the event venue, as well as, other locations. In most cases, cartage companies will consolidate shipments from multiple carriers onto a single truck. Due to their loading/unloading procedures, these shipments may fall into the additional handling category.
- What is Ground Loading/Unloading? Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level, etc.
- What is Constricted Space Loading/Unloading? Trailer loaded "high and tight" shipments that are not easily accessible. Freight is loaded to full capacity of trailer top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.
- What is Designated Piece Loading/Unloading? Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.
- What is Alternate Delivery Location? Shipments that are delivered by a carrier that requires pieces to be delivered to different areas/levels in the same building, or to other venues (such as a hotel near an event venue).
- What are Stacked Shipments? Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or "cubed out" shipments, loose items placed on top of crates and/or pallets constitute special handling.
- What are Multiple Shipments? Multiple shipments on a truck do not automatically indicate special handling, unless the shipments are mixed on the truck, failing to maintain shipment integrity and/or have multiple deliver areas.
- What are mixed shipments? Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling.
- What does it mean if I have No Documentation? Shipments arrive from a small package carrier (including, among others, Federal Express [FedEx] and UPS) without an individual Bill of Lading, requiring additional time, labor and equipment to process.
- What is Inbound? Shipments being sent to a warehouse for advance receiving or to show site.
- What is Outbound? Shipments leaving show site and being sent to another destination.
- What is Off Target? Used when there is a specific date and time that an exhibitor must move in by and is missed.
- What is a Marshalling Yard Fee? A marshalling service has been established to ease congestion at the facility and better utilize dock space. All carriers and privately owned vehicles must check in at the marshalling location prior to unloading/loading.
- What is Overnight Parking Fee? There is a fee for parking at the marshalling yard. This is for exhibitors with company owned trailers and box trucks only. Any vehicles left without a parking pass will be towed at owner's expense.
- What are Shipments Returned to Warehouse? Shipments returned to the warehouse at close of show will be charged an additional fee of \$50.00 per CWT (2500lb. min.). Shipments not picked up from the warehouse within 72 hrs. will be charged for storage by Heritage.

SHIPPING VERSUS MATERIAL HANDLING

WHAT IS SHIPPING?

Shipping is the process of a carrier picking up your items from your office or place of origin and transporting it to the dock of either advance warehouse or facility dock of your event. It is separate from Material Handling. Exhibitors may use any carrier they want, including HES Logistics.

WHAT IS MATERIAL HANDLING?

Material Handling is the process of receiving your shipment from your carrier and managing it through the event cycle. It is a standard tradeshow practice and it is a chargeable fee typically based on the weight of your shipment. Don't forget to add Material Handling to your budget!

Material Handling Process:

- Unloading the trade show freight from your carrier once it arrives at the receiving dock.
- Transporting your shipment to your booth space.
- Removing empty shipping containers (boxes, crates, and pallets) from your booth.
- Temporarily storing your empty shipping containers during the show.
- Returning empty shipping containers to your booth once the event is over.
- Transferring the freight back to the loading dock.
- · Loading the items into your carrier's delivery vehicle for return shipping

ONE EASY WAY TO KEEP YOUR CHARGES LOWER?

Consolidate, Consolidate, Consolidate!

Skid items as much as possible so that they are sure to arrive together. Each shipment that arrives at a separate time is assessed the minimum charge. Whether you ship to the advance warehouse or show site, it is in your best interest to consolidate as much as possible.

OUTBOUND (RETURN) SHIPPING NEED A RELIABLE CARRIER TO TRANSPORT YOUR OUTBOUND (RETURN) FREIGHT?

NOTE: If the inbound or outbound shipment requires air or expedited service, please inform HES Logistics as soon as possible. HES Logistics can accommodate any type of shipping need, but specializes in LTL ground freight totaling 100 lbs or greater.

> To help you in your planning, it's important to understand in advance that union labor will be required for certain aspects of your exhibit handling. Since Work Rules and Union Jurisdictions vary from city to city, please familiarize yourself with the following statements to help you in understanding the Union Requirements in the facility.

DECORATOR & CARPENTER JURISDICTION

It is necessary for all exhibitors to use qualified union personnel for the installation and dismantling of prefabricated exhibits and displays and to install and remove draperies and floor covering. The handling, placing or setting out of merchandise that is to be displayed does not require union labor and may be done by the exhibitor. In addition, the installation or dismantling of an exhibit which does not require the use of hand tools, or more than one person, and can be accomplished within thirty minutes, may be performed by the owner or company representative. Your labor requirements can be ordered on the enclosed Exhibit Labor Order Form.

TEAMSTER JURISDICTION

Our Material Handling Department is responsible for maintaining in and out traffic schedules at the show site. Even local exhibitors should clear all movements of exhibit materials through this department, as we will have priority at the unloading area at all times. Union jurisdiction allows individually hand carried items only and will not permit exhibitors use of dollies, hand trucks or pushcarts. Material Handling Services may be ordered in advance by completing and returning the enclosed Shipping Information and Service Order Form or by ordering on site at the HERITAGE Service Desk.

SAFETY

Standing on chairs, table or other rental equipment is prohibited. This equipment is not engineered to support your weight. HERITAGE cannot be responsible for injuries or falls caused by the improper use of this equipment. - 3. All exits, hallways and aisles leading from buildings or tents are to be kept clear and unobstructed at all times.
- 4. No exit door shall be locked, . bolted or otherwise fastened or obstructed at any time an exhibit building is open to the public.
